Footnotes:

Email Accounts - Email accounts are available in blocks of 5 for \$135 per year. 1 block of email accounts is included in the Plus plan. You are not required to have email accounts for your domain name in order to use our website services. You may also choose to have your email services through a different provider, instead of using our email services.

Text Messaging - This feature requires a dedicated phone number for \$25 per year. Text messages are purchased in blocks of 1,000 for \$15. Each text message sent to each phone number will deduct from the balance of your purchased messages.
